FOOD FRAUDS REVEALED

BY WAR USURY BUREAU

The Hague, Netherlands, August 16 via London—The new German "War usury bureau" has justified its existence by revealing surprising details of widely ramified food frauds, according to reports received here. The frauds are said to involve a half dozen leaders and a hundred accomplices.

These men are said to have smuggled hundreds of tons of wheat, rye and barley flour from the province of West Prussia to Berlin, where it was sold at a profit of 300 per cent.

The existence of the flour, reports say, was concealed from government stock takers by all manner of artifices and was shipped on night trains as potatoes or machinery. Among the accomplices and ring leaders were several government officials and several station masters who are charged with connivance in the fraud by consigning flour under false descriptions. German newspapers are demanding exemplary punishments for the men arrested.

HIG COUNTERFEITING SCHEME IS FRUSTRATED IN NEW YORK

New York, August 16—A conspiracy to manufacture and circulate \$1,000,000 of counterfeit silver certificates and United States treasury notes was frustrated here today by William J. Flynn, chief of the Government Secret Service, and several of his assistants. Eight arrests were made in raids on a house at Grant City, Staten Island, and one in East Ninth Street, this city. A complete counterfeiting outfit was found, consisting of photographic apparatus, lithographic presses, electrotyping and etching tools, paper and colored inks. An illicit wine and liquor blending plant was also unearthed. Two of those taken in custody were operating this plant, it was said.

According to the Secret Service men, the counterfeiters apparently were well supplied with money, their outfit alone having cost upwards of \$2,000. The scheme, the government agents said they were informed, was to manufacture \$1,000,000 in spurious bills, then destroy the plant before attempting to dispose of the bogus money. Seventy photographic negatives of genuine bills already had been made and the impressions transferred to gelatine and wax plates. Some of these, after having been electrotyped, had been etched. Pieces of silk and human hair also were used in the process of making the counterfeiters.

Chief Flynn declared tonight that the ring leader of the alleged conspiracy is an expert photo engraver and etcher. The work of fitting up the plant, it was said, began several months ago. Secret Service men brought here from Scranton, Pa., St. Louis, Cincinnati and Washington had been shadowing the suspects for some time, according to Chief Flynn.

ANOTHER GIGANTIC LOAN TO BRITISH IS ANNOUNCED

New York, August 16—Formal announcement was made today by J. P. Morgan & Company, as syndicate managers, aggregating \$250,000,000, to run for two years at 5 per cent interest. Associated with Morgan & Company are several of the leading banks, trust companies and banking houses of this city, Boston, Pittsburgh and Chicago.

The details of the terms of the loan are virtually the same as have already been published in unofficial forecasts. It is described as a negotiation by "the United Kingdom of Great Britain and Ireland," and is in the form of gold notes dated September 1, 1916.

The government reserves the right to redeem the entire issue, in whole or in part, on thirty days' notice at any time up to August 31, 1917, at 101 and accrued interest.

Pledged against the loan are securities to the value of \$300,000,000 divided into three groups of \$100,000,000 each, which include stocks, bonds and other securities of the dominion of Canada and the Canadian Pacific railway, and securities of Argentina, Chile, Norway, Sweden, Switzerland, Denmark and Holland.

The banking syndicate will underwrite the notes at 98 and interest.

AMERICAN NOTE RECEIVED BY MEXICAN GOVERNMENT

Mexico City, August 16—Foreign Minister Aguilar received a communication today from the American State Department explaining the delay in the appointment of American conferees to the international conference between Mexico and the United States. The communication explains that several men of high standing whom it has desired to appoint were unable to accept because of other engagements. It concluded by saying that the American government deemed it better to wait and obtain the services of men undoubtedly fitted to act rather than to rush the matter through by immediate appointment.

GONZALES TO TESTIFY AT SALAZAR TREASON TRIAL

El Paso, Texas, August 16—General Francisco Gonzales, commanding the Mexican army of Northern Chihuahua, left Juarez last night for Chihuahua City, where he will appear as a witness against Jose Ynez Salazar, the noted revolutionist, held for trial on a charge of treason. It was announced at the comandancia today.

Pointed Paragraphs From Speech of Acceptance of Charles E. Hughes

It is apparent that we are shockingly unprepared.

When we contemplate industrial and commercial conditions, we see that we are living in a fool's paradise.

Not only have we a host of resources short of war by which to enforce our just demands, but we shall never promote our peace by being stronger in words than in deeds.

We are neither deceived nor deceived by abnormal conditions. We know that we are in a critical period, perhaps more critical than any period since the Civil War.

The Administration utterly failed to perform its obvious duty to secure protection for the lives and property of our citizens. It is most unworthy to stir those who have investments in Mexico in order to escape a condemnation for the non-performance of this duty.

It is only through international co-operation giving a reasonable assurance of peace that we may hope for the limitation of armaments.

We have determined to cut out, root and branch, monopolistic practices, but we can do this without hobbling enterprise or narrowing the scope of legitimate achievement.

We demand a simple business-like budget.

I believe it is only through a responsible budget, proposed by the executive, that we shall avoid financial waste.

We have had brave words in a series of notes, but despite our protests the lives of Americans have been destroyed.

PHILIPPINE BILL IS PASSED BY SENATE

Washington, August 16—The Philippine bill as reported from conference, with the Clarke amendment providing for independence of the islands within four days eliminated, but containing a promise of freedom when over the Philippines have demonstrated their ability to maintain a stable government finally was approved today by the Senate. The vote was 37 to 22.

The House is expected to approve the conference measure within a few days and send it to the President. It provides for reorganization of the island government so as to materially extend native control. A Senate amendment for prohibition in the island was stricken out.

Senator Hitchcock, chairman of the Philippines committee, told the Senate that the independence and prohibition features had to be eliminated in order to get an agreement for the approval of the bill at this session. Senators Lippitt, Sterling and McLean made speeches opposing the bill, and Senator Borah said the elimination of the Clarke independence demonstrated that the American people had determined to keep the Philippines for all time.

U. S. INSPECTOR AT FT. THOMAS

Fort Thomas, Ky., August 16—The visit here of Colonel John Chamberlain, Inspector General of the Eastern Department occupied the greater part of the time of officers and men in the Kentucky National Guard today. When Colonel Chamberlain came here on a special trip from Governor's Island was not announced, but it seems the most minute deal of the organization of the Kentucky militia will receive his attention now that he is here.

Schemes of instruction, systems of keeping records, parades, conduct of men, sanitary conditions, in fact, almost everything has come under his observation since his arrival here at noon today.

THEY WERE SOME DRINKERS

John Lyons and Jos. Taylor, both of color, were tried before a jury in Judge Fulton's court Friday for bringing liquor into local option territory for the purpose of sale. The record of the Express Co. showed that since July 1 and up to August 4 Lyons had received 47 quarts of murder juice and that Taylor had received 36 quarts of the same and some 15 quarts of beer. On the witness stand both swore that it was all for their own personal use and that they had consumed it all and worked every day at a dollar a day to pay for it and had also supported their families out of the dollar a day. This, if true, would seem to make them high financiers as well as some drinkers. But the jury evidently didn't believe their little spiel, as they found them guilty and gave them the limit, \$100 fine each and 90 days in jail, with hard labor. The county will have a pretty good road gang by the time work begins on the model roads.—Flemingburg Times-Democrat.
